No split boxes will be sold except at the discretion of the man in charge of the sale as to location and number.

The reason for opening the seat sale on Saturday morning, Mr. Ritter explains, is in order to give the farmers and out of town local people an equal chance with the town people. They are in town on Saturdays and stand better chance to get good seats than if the sale opens on Monday morning as heretofore.

"This is the greatest Round-Up advance sale we have had since 1912," said Mr. Ritter this morning, "and if the present demand keeps up the crowd will be the biggest Pendleton has witnessed since that memorable year. I want to say for the benefit of the local people that the arrangement in effect this year as to the sale has been tried out for three years and has proved the most satisfactory of any we have yet devised. Positively every seat and box in the west half of the grand stand will be on sale Saturday morning. There is not a single ticket missing from this section. The east half, which is reserved for out of town, mail orders and the press, will be heavily taxed to supply the increasing demand but not a ticket in the west half will be touched or this section drawn upon until the local sale has been in progress for at least two days. After that time we may be compelled to break into this reserve in order to fill the out of town orders. That is the reason why we are putting the local sale on so early this year."

The ticket wagon will be moved to its new location on Alta street some time this afternoon. But if the line should begin forming before the wagon is in the place the person who is nearest the rear end of the Sayres

THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:

Worcester, Mass.—"I suffered from female ill, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health."

—Mrs. BERT GARVEY, 20 Hacker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

store will be given first place. Every precaution will be taken to prevent scalping, one of them being daily sales of a certain section to be opened each morning of the Round-Up.

INDUSTRIAL WELFARE RULINGS IN EFFECT

New Code Has Nine Sections—First Five of 23 Orders Promulgated With Code Have Been Rescinded.

PORTLAND, Sept. 1.—A new code of rulings of the state industrial welfare commission, adopted July 3, goes into effect tomorrow, together with orders No. 6 to 23, inclusive, of the commission. Orders No. 1 to 5 inclusive, have been rescinded.

The code is divided into nine sections, under the following headings: Definitions, employers' records, minors, hours of labor, rest period, wages, apprenticeship, emergency overtime and sanitation.

The new orders promulgated by the commission are largely the recommendations of a conference committee representing public, employers and employees, which held a series of public hearings during the past summer.

Several orders have to do with employers' records, and the mercantile, manufacturing, personal service, laundry, telephone and telegraph office and public house-keeping occupations for both Portland and the state at large.

Other orders apply to minors, a sanitary code and special regulations. Provisions of the code are taken from the commission's orders.

Both code and orders are contained in a recent publication of the industrial welfare commission which has as a preface an article by Rev. E. V. O'Hara, chairman of the commission, entitled "A Living Wage by Legislation, the Oregon Experience."

The booklet also gives the text of the law which created the commission and a review of court decisions in cases attacking the commission's constitutionality.

The new code provides a minimum weekly wage of \$8.25 for experienced women workers outside of the city of Portland and a wage of \$8.64 in Portland.

STANLEY-SMITH LUMBER CO. GETS TIMBER SALE

PORTLAND, Sept. 1.—The Stanley-Smith Lumber company of Portland, Oregon, was the successful bidder for four million feet of National Forest timber advertised for sale in Sec. 25 and Sec. 26, T. 2 N., R. 3 E., W. M., and has just been awarded the sale by District Forester George H. Cecil, Portland, Oregon.

One dollar and fifteen cents (\$1.15) per M for all species was the bid price. The timber is 80 per cent Douglas fir. The remaining 20 per cent is made up of noble fir, western white pine, western red cedar, western hemlock, and ambles fir.

BIRD TREATY IS RATIFIED

WASHINGTON, Sept. 1.—The senate ratified treaties between the United States and Great Britain to protect migratory birds in the United States and Canada and extending to Porto Rico the terms of the convention of 1899, under which estates of British subjects dying in American territories are settled by diplomatic officers.

The migratory bird treaty, a part of wide scope, said to be the first of its kind ever negotiated, was signed by Secretary Lansing and the British ambassador two weeks ago.

TWO PERSONS HURT IN RUNAWAY AUTO

Baker Man Attempts to Avoid Collision by Running Car Up Hillside and Machine Topples Over.

BAKER, Ore., Sept. 1.—An auto driven by David Browning of Long Creek, running away on the steep side of a hill, fell over backward and injured Browning and Mrs. Henry Slaughter, also of Long Creek, who was riding in the back seat.

Browning was driving on the Sanville road, 10 miles east of Long Creek, when the car ran away. To avoid crashing into another car, Browning headed the machine up the hillside. The machine went part way but the grade was so steep it toppled over.

Browning went over with the car. Mrs. Slaughter tried to jump and rolled down the hill. Both were taken home by passersby. The car was wrecked.

GERMANS ARE EJECTED FROM FRENCH TRENCHES AT PARROY

WILSON 100,000 AHEAD IN CHICAGO, IS ESTIMATE

Democratic Canvass Indicates No Falling Off in German-American Vote.

CHICAGO, Sept. 1.—President Wilson's plurality in Cook county is figured at 100,000 by the regular democratic organization, the official title of the Sullivan clan. This was the forecast issued today over the signature of Dennis J. Egan, chief clerk of the election board.

The figures are based on a canvass. Two precincts in each ward were selected for a test vote, one a republican and the other democratic. In the seventy precincts 21,305 voters were reached. Of this number 13,241 expressed a preference for President Wilson and 8,064 declared they would vote for Hughes. At this ratio the vote for the two candidates in Cook county would be about 350,000 for Wilson and 250,000 for Hughes. This is figuring on a basis of a total of 600,000 men and women voting for president.

Many republican precincts gave President Wilson a small plurality.

Among the German-Americans the canvassers met with the greatest surprise. It had been expected that a falling off in the democratic vote among the church parties of the but the canvass showed about as many German-Americans as voted for Wilson four years ago would do so this year.
